SPONSORSHIP INFORMATION

PURPOSE: Our community's goal is to expand the existing Sweet Apple Park for the Roswell community. Landscaping the property between the existing park and Sweet Apple Elementary School will provide additional fields and a premier recreational facility for the Sweet Apple Elementary School, the #1 ranked school in Fulton County.

After approximately three years of planning, we have received approval and authorization from Roswell City Parks and Fulton County's School Board to move forward with this community project, but we need your help! Fulton County schools has no funding for this project . This is our opportunity to enhance our neighborhood and provide a better place for our children to play.

COMMUNITY INVOLVEMENT: The Sweet Apple Fields project is budgeted for $250,000. The city of Roswell has generously given $100,000 towards this plan. The neighboring church, World Harvest, has pledged an additional $50,000.

THE GOAL: Our goal is to raise the remaining $100,000 this summer! To achieve this goal, we are challenging every person who would like to better our schools and community to invest.

HOW YOU CAN HELP: Leave your legacy for generations to come by purchasing a sponsorship with lifetime dedication for your support. Cash donations are also being accepted. All sponsorships and donations are tax deductible. High Hope Community Development Corporation is donating the funding administration. 100% of the funding will be used for the Sweet Apple Fields Project.

FAQ

What is the purpose of this project?

To expand the existing facility for the Roswell community at large.

Why are we expanding and what are we adding?

The current facility includes multiple soccer/lacrosse/football fields, baseball diamonds, walking track with fitness stations, and both FCBOE and City of Roswell playgrounds. The fields are currently being used to capacity. Additional fields will allow us to host sporting leagues and tournaments.

This project will increase the value of all our property—community, residential, and retail. It will provide another reason for new people to find our community desirable.

Who will use these fields?

Our community's school children, community sports leagues and any person who enjoys Roswell Park.

Where are you adding the fields?

The Sweet Apple Elementary School property between the buildings and the existing fields. While the fields will be maintained by Roswell Parks & Recreations, the #1 ranked school in Fulton County will also include a premier recreational facility for their students.

When are you doing this project?

The required county and city approvals are in place. The ground-breaking ceremony was held on May 13th. Construction is scheduled to begin on August 2nd and should take about 3 months to complete.

How much will this cost?

The project will cost $250,000.

Who is paying for this project?

We all are! Roswell Parks & Recreation is providing $100,000. World Harvest Church is donating $50,000. We need Roswell residents and corporate sponsors to fund the balance.
